***The Prague Post* book blog on Thor's *THE NEWS CLOWN*:** “A rollicking novel from Prague-based author Thor Garcia, *The News Clown* follows a cagey writer as he moves from an earnest hope for his future to hack-work with a news agency. ‘The plan was simple, basic, a no-brainer. I figured, first, to explode ‘journalism’ at its core, pocketing at least one Pulitzer by the age of 30. I’d rock the city at dawn, I’d crack the dirty, filthy, louse-ridden bitch wide open,’ Garcia writes. **It’s hard to imagine writing that is more energetic.**”
